10.2 Media Accreditation

As a round of the FIA World Rally Championship, Rally Italia Sardegna will strictly follow the guidelines and procedures for media accreditation set out by the FIA. Please carefully follow the instructions below, making sure all the requested information is included and forwarded to the correct organisations and address, as failure to follow the correct procedures will delay the applications' process.

Rally Italia Sardegna considers the “Media Pass” to be a working tool to be used only by bona fide members of the press. Under no circumstances will advertising, public relations agencies or similar companies and organisation be accredited as media, nor will Rally Italia Sardegna issue any accreditation to representatives (press officers or otherwise) of sponsors, suppliers, teams, drivers, etc.

10.2.1 Accreditation Criteria

All accreditation requests will be evaluated and approved by the FIA WRC Media Delegate according to the following principles and procedures:

- Respect of the accreditation deadline
- Compliance with the requested elements of the procedure
- Commitment of coverage devoted to Rally Italia Sardegna
- Match with circulation and/or quality criteria

Circulation and quality

Accreditation decisions are based on the relative ‘media market’ in the applicant’s country. For example, the usual minimum circulation for a national weekly or monthly publication is 20,000 copies. For a national daily the minimum circulation is 50,000 copies.

The highest standards of fairness and accuracy are expected as a minimum quality requirement from the printed press.

Publications must be available to the general public via retail outlets (trade, club or internal company magazines will normally not be accredited).

Media passes can be allocated to general news, specialist, business and lifestyle consumer publications that do not intend to publish conventional rally reports but whose coverage is considered to be of promotional benefit to the sport. As a general rule, however, the FIA will not accredit publications less than one year old.

Coverage

For a daily newspaper, a substantial amount of coverage for each event is required. For example, an introductory article in the Thursday edition, follow-up articles in Friday, Saturday and, where applicable, Sunday editions, plus an event report in the Monday edition.

For a weekly or monthly publication, a substantial amount of coverage for each event is required and a major portion of the overall content should be on the subject of WRC.

Freelance journalists must apply for credentials via their own agencies. The onus is on the freelance applicant to prove the supply of regular stories to at least five publications.

Photographers

Photographers’ applications must follow the same criteria as stated above. In addition publications or agencies applying for single round accreditation must supply evidence of independent coverage of a minimum of 15 pictures per pass issued at each WRC event they have been accredited for in the previous year’s Championship.

Please note that according to FIA regulations the number of photographers’ media passes issued for Italian photographers will not exceed the number of 12.

Photo agencies must be able to prove that its pictures have been regularly sold to publications matching the FIA criteria and have been paid for at the normal commercial rate. A publication must be able to prove that the pictures published are the original work of the publication’s accredited photographer.
